ABOUT TAMILNADU ENGINEERS FORUM – KUWAIT

The Tamilnadu Engineers Forum in Kuwait is an association formed from the alumni of engineering colleges in the State of Tamilnadu, India & registered with Embassy of India, Kuwait. The forum is a Non-Profitable and ISO 9001:2015 certified organization, has a membership of 550+ Engineers from various disciplines & industries spread around Kuwait.

TEF, in pursuance to its set goals and objectives, has been organizing Conferences, Technical meets and outreach activities and is one of the most active professional bodies in Kuwait.

ABOUT TECHNOLOGICAL INNOVATIONS CONFERENCE & EXPOSITION (TICE)

TICE organized by TEF Kuwait stands out as the premier international technical conference for oil, gas, and energy professionals and leaders worldwide that feature a diverse range of technical and engineering topics. This unique event offers unparalleled access to the most current industry knowledge, innovations, technical expertise, products, solutions, and services available.

With the strong focus on the theme "Transforming Tomorrow: Trends, Innovation & Engineering Resilience", the conference highlights how engineering has evolved. It is no longer just about fixing basic problems. In our fast-moving world, industries are changing quicker than ever due to new technologies, global connections, digital updates, and the urgent need for sustainability.

Anticipating over 1,000 international delegates, TICE 2026 serves as a premier forum for examining the rapid evolution of modern engineering. The conference provides an elite platform for global industry leaders to analyze emerging paradigms, share strategic insights, and collectively address the shifting demands of the energy sector.

Paper Presentation slot at TICE 2026	●		

EXHIBIT YOUR PRODUCTS & SERVICES

EXHIBITION DETAILS

The Exhibition will showcase leading and internationally recognized suppliers of products and services related to the Oil & Gas, Power & Water, and other key industrial sectors. Previous editions of the event have been highly valued by exhibitors, generating exceptional on-site engagement and substantial follow-up inquiries from visitors. The event will continue to present outstanding exhibits that highlight the latest advancements, solutions, and opportunities for Industry and Commerce

INTERESTED IN BECOMING AN EXHIBITOR?

If your objective is to keep professionals across the Oil & Gas, Power & Water, and other key industries throughout the Gulf region informed about your latest products and services, the 17th Technological Innovations Conference & Exposition, organized by TEF, is an essential event to attend.

Participating in this exhibition offers your organization an exceptional platform for maximum visibility, networking, and business promotion. Contact us to learn more about how exhibiting at the event can enhance your market presence and strengthen your engagement with industry professionals.

BOOTH SIZE & EXHIBITION HOURS

Modular booths of 3m x 3m

Time 8:00 am Onwards.

EXHIBITION FEATURES

- Enhance brand visibility and recognition among global audiences
- Gain access to an exclusive platform for commercial and technical presentations
- Benefit from extensive media and press coverage opportunities

A maximum of Three presenters are accepted per presentation.

Engineering Excellence Awards (EEA) are instituted by Tamilnadu Engineers Forum-Kuwait, the One & Only ISO 9001:2015 Certified non-profitable, voluntary Engineering organization in MENA region.

This year 2026, TEF is organizing 10th Engineering Excellence Awards to recognize Individuals, Organizations, Firms, Companies & Enterprises who demonstrated exceptional degree of Engineering Excellence in terms of Innovations, Complexity, Achievement and valuable contribution to the development & growth of the Country.

How to Submit the Proposal

Engineering Excellence Awards - Shall submit the nominations with complete details, which are measurable to evaluate the valuable contribution to the Company & the Country along with application form which can be downloaded from TEF website: www.tefkuwait.com. Proposals with incomplete details may not be considered for evaluation. For more information & clarifications, please visit TEF website: www.tefkuwait.com.

TEF EEA CATEGORIES :

EEA ENTRIES ARE ACCEPTED FROM COMPANIES / FIRMS AND INDIVIDUALS UNDER VARIOUS CATEGORIES AS FOLLOWS:

PROJECTS AND SERVICES ENGINEERING EXCELLENCE

Category A – RESEARCH, TECHNOLOGY, ENGINEERING & CONSULTANCY

Studies, Research, Consultancy, Design, Value Engineering, New Technologies, In-house innovations, Specialized Projects.

Category B – CONSTRUCTION & INDUSTRY

EPC, Construction, Civil, Architectural, Building, HVAC, Process facilities includes Upstream & Downstream Industry, Manufacturing & Heavy Industry.

Category C – ENVIRONMENT & SUSTAINABILITY

Industrial Hygiene, Pollution prevention, Recycling, Treatment, Waste Treatment and Disposal, Clean Energy, Conservation, Sustainable Development, Renewable Energy.

Category D – DATA MANAGEMENT, DIGITAL & COMMUNICATION TECHNOLOGIES

Data Management, Digital Technologies, Network, Telecommunication, Information & Technology, Safety & Security, Asset Management, Media.

Category E – ENERGY

Production, Renewable Energy, Exploration, Power Generation, Transmission, Distribution.

Category F – OPERATIONS

Operations, Maintenance, Commissioning.

INDIVIDUALS ENGINEERING EXCELLENCE

Category G – Individuals – Special Category

TEF EEA – Excellence in Social Responsibility – Kuwaiti

TEF EEA – Excellence in Social Responsibility – Non-Kuwaiti

Category H – Individuals – Engineering Excellence

TEF EEA – Emerging Engineer of the Year

Category I – Individuals – Engineering Excellence

TEF EEA – Young Engineer of the Year – Kuwaiti (Male)

TEF EEA – Young Engineer of the Year – Kuwaiti (Female)

Category J – Individuals – Engineering Excellence

TEF EEA – Engineer of the Year Award (Kuwaiti & Non-Kuwaiti)

Category K – Individuals – Engineering Professional Excellence

TEF EEA – Engineering Professional of the Year Award

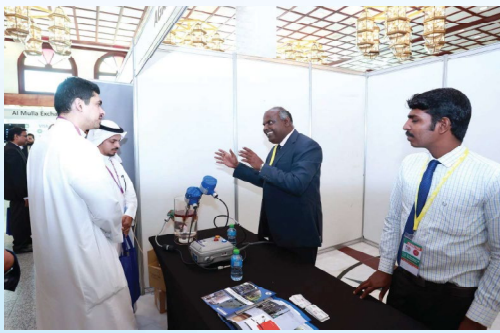

Category L – Individuals – Engineering Excellence

TEF EEA – Engineering Veteran Award (Restricted to TEF Members)

Category M – Individuals – Engineering Excellence (Open Category)

TEF EEA – Dr. APJ Abdul Kalam Engineering Stewardship Award (Kuwaiti)
Accomplished Leader

GLIMPSSES OF PREVIOUS TICE

ENHANCED BRANDING OPPORTUNITIES

Delegate Bags

Company name and logo will be printed on high quality leather bags and distributed to all delegates, exhibitors and speakers attending the conference. This is a wonderful opportunity to have your name in the hands of at least 1000 professionals carrying for years

Lace Lanyards

Company name and logo, and/or website address appears on lace lanyard badge holders used by all exhibitors, delegates, speakers and organizers at the conference and other forum events.

Conference Website

A dedicated web page is planned wherein all the information related to the conference activities will be posted. Your company name and logo will be displayed on the home page of the site.

Banner & Signage

Signage 2m x 0.8m

Banner 1m x 3m

Signage and banners placed strategically at various locations across the exhibition and conference.

Conference Guide / Souvenir

The printed book (2,500 copies), containing event schedules and other important conference information, is given to all delegates, exhibitors and speakers.

OTHER PARTNERSHIP OPPORTUNITIES

CONFERENCE SOUVENIR – BACK COVER	CAPS WITH COMPANY LOGO & NAME	EXHIBITION BOOTH (MODULAR 3MX3M)
COMMERCIAL PRESENTATIONS	WEBSITE ADVERTISEMENT	CONFERENCE CD
CONFERENCE SOUVENIR – FRONT & BACK INSIDE	CONFERENCE SOUVENIR – INSIDE FULL PAGE	SIGNAGE AT THE VENUE (2M X 0.8M)
